PROJECT

Tic Tac Toe game (05/2023 - 07/2023)
- Designed and implemented a responsive Tic Tac Toe game using HTML, CSS, and JavaScript.
- Ensured an intuitive user interface with smooth animations for an engaging experience.
- Incorporated a reset feature for easy game rematches without page reloads.

Spotify clone (09/2023 - 12/2023)
- Ensured a responsive design for optimal user experience across devices.
- Implemented user authentication features for personalized interactions.
- Integrated real-time database functionality for dynamic content updates.

Quiz Website (01/2024 - Present)
- Developed a dynamic quiz website using HTML, CSS, JavaScript, and React.
- Implemented scalable question handling for variable quiz lengths.
- Overcame challenges in user authentication for personalized experiences.

News Website (01/2024 - 01/2024)
- Implemented a well-organized HTML structure to effectively present news content.
- Applied CSS styles to enhance the visual appeal and user experience of the website.
- Utilized JavaScript to add interactive elements such as dropdown menus, sliders, and modal pop-ups.
- Integrated external APIs to fetch real-time news data from reliable sources.

SKILLS

HTML · CSS · JAVASCRIPT · React · Tailwind CSS · Leadership
